

"It has been 20 years or more since I had to do math homework. I simply could not remember how to help my daughter, but then I remembered I have access to the Homework Hotline. We called the toll-free number and spoke with a teacher. She helped my daughter work through her homework and gave me a little refresher course, so that I will be able to help her in the future."

You can access the Homework Helpline

4:00 PM to 9:00 PM

Monday thru Thursday

January 1, 2006 Thru May 25, 2006

Call 1-877-500-2345

Family Consultation & Referral Service
